

22-26 AUGUST
2022
BLANTYRE,
MALAWI

MALAWI SURGICAL ONCOLOGY SUMMERSCHOOL

Preparing surgical residents for the rising burden of oncological disease in sub saharan africa.

Why?

Cancer is a rapidly growing problem in Africa. 700 000 cancer deaths in 2020; which is two-thirds of all cancer-related deaths worldwide. A current mortality of 65% and an expected 70% increase of cancer incidence by 2030.
